Senor R.F.Squirru,
Arenales 1299
Buenos Aires,
ARGENTINE

22nd January 1960

Dear Mr. Squirru,

Thank you very much for your letter and for so kindly sending me the cutting of the review of my book from "Clarín". It was particularly good of you to take the trouble to translate it for me. This is certainly one of the most intelligent reviews that I have read from any country, and I am very grateful to the Editor of this periodical for giving my book such generous treatment.

Your suggestion that I might come to Buenos Aires in connection with the celebrations of the 150th anniversary of the revolution is very tempting, but I have already so many engagements this year that I am afraid it would be impossible. I am already committed to visits to Sweden, the United States, Austria and Italy, Switzerland and Greece, and this is already more than enough. I must hope that there will be another opportunity at some future time to come to Argentina.

Yours sincerely,

Herbert Read
